

OWLS AND LIONS

FULL BAND SONGLIST 2022/2023

On the average, the full band usually performs 3 forty (40) minute *dance sets* in any 4 hour Reception. During the breaks and the final half hour is almost always DJ music. You can always expect continuous music, with no breaks.

These are all songs we perform, but there is way more here than we would usually play. You can tell us what you like and prefer and we can tailor our sets to your preferences to some degree. For example, some people don't love country music, so we can leave the country tunes out and do mostly the rock material. Also, we perform these sets as medleys that are designed to keep people dancing. We usually always start the sets with a slow song to get everyone up, but then the rest is upbeat and the songs blend together with very few stops or slow downs.

SET 1 SONGS (Indie, Soul, Retro, Pop, Rock)- *Songs everyone loves and responds to.*

SET 1 or 2 SONGS- Pop, Rock, Top 40, Modern Country, 80s & 90s (in no particular order, as we feel it out based on the timing and what needs to happen. If it's time to dance, we are playing continuous great music designed to keep them on the dance floor until the next course is announced. If they are eating or just vibing in between courses, we will play music suitable for that, while always keeping the beat UP. Some of the songs below might seem not what you may expect anyone to necessarily dance to. But when we play them live and blend and mash them up the way we do, they absolutely become danceable)
